

2019 Achievement Winners Article- Behm Brothers

The Ward SCD is proud to have chosen Behm Brothers as our 2019 achievement winners. Made up of Ron, Jerome, Russ, LaVern and Ron's son John, they farm and ranch in the Des Lacs area NW of Minot in Ward Co. Their diverse rotation includes corn, corn silage, oats, flax, wheat, soybeans, sunflowers, and alfalfa. In addition to their cropland the Behm's run a herd of Hereford cattle as well sheep which are mainly used for weed control on their rangeland. The Behm's have implemented a prescribed grazing system on their rangeland by installing fences and water developments many years ago. They also implement a no-till planting system on their cropland. Because of the Behm's practical approach to conservation, the Ward SCD congratulates the Behm's for a job well done.
